Services

ENERGY AUDIT SERVICE

Do you need to reduce your electrical costs? Call on our trained experts to review your current lighting system and to present a detailed "turn key" energy plan ready for implementation. Bulbtronics supplies all the electrical products including fixtures and lamps, with special emphasis on products that qualify for financing based on projected energy savings and products that qualify for local and state rebate programs. Call today and ask about our Energy Audit Service.

RECYCLING SOLUTIONS

January 2000, the federal government added fluorescent and other mercury-containing lamps to the Federal Universal Waste Regulations. As of July 2005 it is mandatory to comply with new regulations regarding light bulbs, ballasts, & batteries. Bulbtronics offers a simple, safe and convenient solution for ballasts, batteries, lamps and electronic waste. Call for information on a waste management program tailored to your needs.

EXPERT TECHNICAL SERVICE

Call, fax or email our expert technical service representatives to research and ID the bulb, battery or related lighting product for your application.

MULTIPLE LOCATIONS

Our three stocking locations on the East Coast and one on the West Coast allow us to ship anywhere in the U.S., Canada or overseas. Local truck delivery is available.
